A whole new eBook with a brand new point of view. It is definitely simplistic but shocks in the 50 percent of the publication. I am just pleased to explain how this is the greatest ebook i have read during my very own daily life and could be he best ebook for possibly.

Jacob, of West Virginia Gentlemen of the Senate and House of Delegates: You assemble under auspicious circumstances. The ratification by the people of the amendment to the Constitution of the State, which was submitted to them by an act of the last Legislature, has had the effect of removing the political disabilities of a large class of citizens. This result, so long desired, has been followed by the happiest consequences. Citizens heretofore excluded from the ballot box have patriotically come forward to take their legitimate places in the management of public affairs. All citizens have learned to prize more highly, and to guard more tenderly, the elective franchise. The bitterness of the past has been buried out of sight, and heart-burnings have, in a large measure, given way to fraternal regard. Good order and a cheerful obedience to the laws have been marked characteristics of society during the past year. It is no idle boast to say that nowhere in the Union is there greater protection to life and property, and a larger liberty of opinion, than in West Virginia. Notwithstanding the fact that since the last Legislature assembled three elections have been held, in all of which questions touching important changes in our organic law were involved, yet they were all in a remarkable degree free from that acrimony and discord, not unusual under similar circumstances. Elected as you were by unfettered votes, I most cordially welcome you to the seat of government, as the free choice of a free people.
