iUniverse, United States, 2008. Paperback. Book Condition: New. 224 x 150 mm. Language: English . Brand New Book ***** Print on Demand *****.We worship a Christian God who came down from heaven, made himself human and participated in our humanity alongside us in his birth, life, death and resurrection. Yet every weekend millions of people gather in worship environments across this country that have a body language of performance that communicates sit back, relax and enjoy the show. It hasn't always been this way; in fact it has only been this way in the relatively recent past 100 years of Christianity. When we started plugging stuff in we gradually lost our ability to use all our senses which resulted in these banal modern one-dimensional concert hall church spaces. Our soul space was sacrificed to the gods of modernity. What can we relearn from our forebears about this lost art of participation? As it turns out, it's not rocket science but it is rocket art! This book will begin with ministry, transition through philosophy, then research the worship environment and finally view the art and architecture. All this in pursuit of rocket art as we travel through time and space with the three amigos of the builders of Chartres Cathedral, the Anasazi of Chaco Canyon New Mexico and Grace Community Church in Indianapolis.
