*A high quality pdf as well as the typeface applied was exciting to see. It really is written in simple words and phrases rather than difficult to understand. You will not really feel monotony at any time of your time (that's what catalogs are for relating to in the event you question me).*

Excerpt: .hotel can well claim to be the largest resort hotel in this country, if not in the world. It is a fireproof structure of concrete and steel, faced externally with buff brick, with very elaborate and dignified trimmings. It covers a site 100 by 400 feet in plan and is seventeen stories high. The highest point of the main dome is 210 feet above the natural level of the sand. The foundations extend many feet down to a solid footing. This building has accommodations for 1400 people and has a very extensive public space, the main lobby being 250 ft. long. The new Hotel Traymore was built by the contracting firm of Cramp Co., of Philadelphia, after lines drawn by Price McLanahan, Philadelphia architects. Edison Portland cement was used in all of the concrete work in connection with the construction of this great building. The equipment and furnishings are the best and most artistic obtainable. There are American and European plan dining rooms with accommodations for 800 and 400 people respectively, and in addition cafes, banquet rooms and private dining rooms. The building, which has been under construction for more than a year, was partially occupied last summer, for the different wings were put into use as fast as completed. The New Hotel Traymore is a triumph of reinforced concrete construction and a striking architectural addition of artistic value to the group of hotels at Atlantic City. Announcement has been made by a syndicate...
