Brand New Book ***** Print on Demand *****.Is it possible for an Irrelevant Few dissenters to battle the power of the United States government deep within the Pentagon? Will they win? If there is a chance, how will they do it? By the year 2033, the country is in sad shape. Middle class America has disappeared. Hoards of homeless indigents roam the streets, back alleys and public parks. The homeless populations now outnumber the middle-class two to one. The crime rates have gone ballistic as a result. The parks and alley ways are packed with the dregs of society. The streets are no longer safe. Those penniless souls are an eyesore and an embarrassment to the wealthy. Something must be done! Congress struggles with solution proposals for years as the problem worsens. Then it finally acts in desperation and passes a new social Bill that is designed to solve the problem. It works beautifully and the streets become safe again. As a result of the Bill that passed, the War Department deep within the Pentagon quietly becomes the benefactor of the virtual slave labor. Once in the system, those Irrelevant Few (homeless hoards) become trapped and lost within it, indefinitely. They effectively become slaves to the...
