

The Implications of Economies of Scale, Scope and Network Integrity on the Privatisation of Transport Services

By Paul Freudensprung

Grin Verlag Mrz 2012, 2012. Taschenbuch. Book Condition: Neu. 210x148x2 mm. This item is printed on demand - Print on Demand Titel. - Seminar paper from the year 1998 in the subject Business economics - Business Management, Corporate Governance, grade: 1.8, The University of Sydney, language: English, abstract: The objective of this paper is to discuss the development from the concept of economies of scale to the concept of economies of network integrity. Furthermore it explores how in this context user costs are linked in. Empirical evidence about the implications of those concepts for the understanding of the market structure in local bus services, aviation, trucking services, railways and ocean liner shipping is analysed. Finally lessons for governments involved with privatisation processes in transport are outlined. 28 pp. Englisch.
