This overhanging portion of the figure then fits over a blank space left in the next line for that purpose. For example, if 10-point text matter is being used a 24-point advertising figure can be placed at any point in any line, to overhang a blank space left at a corresponding point in the succeeding line. Similarly, an 18-point figure can be used in connection with two 8point lines or three SMj-point lines. The face of an 18-point figure (typefounders size) actually measures only 16 points, so the bottom of the large figure will align with the second of two 8-point When the cast is made, the top of the lines or the third of three oVa-point lines.
