Not illustrated. 1980 Excerpt: . . . for coal leasing are identified in the BLM land use planning process. Public inspection and copying of information submitted with the expressions of leasing interest will be permitted in accordance with Departmental regulations. Qualified proprietary data will be safeguarded at the companys request. Notice of each request for expressions of leasing interest will be published in the Federal Register and at least one newspaper of general circulation in each affected State in the coal region. This notice of request will specify the area or areas involved, information required, the period of time within which expressions may be submitted, where to write for further information, and where to submit the expressions. In delineating tracts, the following factors will be among those considered: (1) expressions of interest, (2) technical coal data, (3) maximum economic recovery calculations and logical mining units, (4) surface ownership, (5) preliminary regional leasing targets, and (6) guidance from the regional coal teams. Regional Tract Ranking, Selection, and Scheduling. In the months before the leasing schedule is established, all available preliminary tracts and tract profile information will be reviewed. Data insufficiencies will be noted and, where time permits, remedied so that each tract will have the coal resource, socioeconomic, and environmental profile needed for ranking. Also, additional unsuitability analysis may be conducted at this stage for lands that were found in the land use planning process to be acceptable pending further study. Any resulting decisions from this unsuitability analysis will be made public. In addition, tract-specific stipulations may be written...
