This publication will be worth purchasing. It really is written in simple terms instead of difficult to understand. It's been designed in an exceptionally simple way and is particularly only right after I finished reading this ebook in which basically modified me, alter the way I believe.

Dover Publications Inc., United States, 1997. Paperback. Book Condition: New. Re-issue. 278 x 208 mm. Language: English . Brand New Book. Children will love coloring these delightful renderings of fairies frolicking in a rich garden of beautiful flowers. As they do, they ll also learn to recognize and identify a host of familiar flowers: azalea, bluebells, columbine, daisies, foxglove, lilacs, nasturtiums, tulips, and others. Exquisitely drawn by illustrator Darcy May, the images feature a troupe of enchanting young sprites in a variety of carefree poses -- snuggled among the petals of a blossom, relishing the scent of a lilac, swinging from a vine, and more. To help build and reinforce alphabet skills, each illustration incorporates the first letter of the flower s name.
